THE T. CHOKA AUTO SERVICE
NEXT TO TOWN HALL

G. N. FIELD, Proprietor M. G. NEFF, Mgr.

The funeral took place from the Union church on Friday, the services being taken by Rev. A. M. Dallas, of Edmonton, and Rev.

At Coney Point, a pleasure ground near City Island, a Ferris wheel, heavily freighted with children and young people, had just begun to revolve with its passenger when the wind struck it. The top of the wheel was torn away and the remainder crunched to the ground, a tangled skein of steel. Dozens were buried in the wreck. Sixty bodies were later taken out and more than two score were attended by ambulance surgeons. A seven-year-old victim died this morning.

Five people were hurt when the wind blew out great plate glass fronts of stores along Broadway and scattered furnishings and clothing along the street.

Moved by T. Cooper that they be referred to the finance committee and if found correct paid. — Motion carried.

Moved by T. Cooper that J. Marshall

No further business meeting adjourned.
ALBERT G. GLENDINNING,
Secy.-Treas.

What Makes Roden's Glass So Heavy?

BEAUTIFUL, sparkling like a diamond, cut glass is always a joy.
But why is it so heavy?

The lead for cut glass (and for other fine glass, such as that for optical use, electric light bulbs, etc.) is first changed into lead oxide by burning it in a furnace. This oxide is known as red-lead. It is a reddish powder.

This powder, mixed with silica (fine white sand) and potash, becomes clear glass when melted in a furnace. At a lower temperature, the molten glass is blown into various shapes.

Roden's Richly Cut Glass is the Best Procureable—and Don't Forget!

CLIPPING
OF
TOWN AND
CITY NEWS

Local News.

Mr and Mrs W. L. Steele are spending a holiday at the coast.

F. M. Lee, of Edmonton, was a visitor in town for a couple of days last week.

Mrs. Johnston, of Calgary, is visiting with her sister, Mrs. M. G. Neff.

Rev. E. G. and Mrs. Turner and J. Woodley are delegates to the Baptist convention in Calgary this week.

A Coleman, who has been visiting in this district for several months, left for Vancouver on Saturday.

Mrs. A. A. Graham, was in Edmonton the first of the week.

Mr and Mrs Clifford Malcolm, of Calgary, were visiting in town the first of the week.

Miss Emily Grant, of Innisfail, has been visiting with her sister, Mrs. Richard Thomson.

Mrs. Robert Smith and Mrs. D. H. Morgan were delegates to the Eastern Star convention in Calgary last week.

Mrs. Robert Allan, of Montreal, is visiting with her son, Hugh, in the Ferrybank district.

Rev. Joseph Francis, of Alliance, is to be our new pastor in the Union church. Rev. Chas. Bishop has been appointed to the charge at Vermilion.

William Bachor has taken over the agency for stumping powder and dynamite, recently held by the late J. W. Woods.

W. Aylwin has purchased a very fine Clydesdale stud, "Danur Curiosity," from A. Webster, of Lacombe. Mr Webster is a well-known breeder, and has some very fine animals.

Mrs. J. Beck and Mrs. A. J. Cook left for Toronto on Monday, having been called east through the death of their brother, C. F. Tugman. Deceased had visited here on several occasions, and was well-known to many Ponoka people.

Close upon 100 people gathered at the home of J. A. Dick, in the Brooks district, on Wednesday evening, in order to welcome home Mr and Mrs J. C. Dick home from their honeymoon. Lunch was a treat, and a happy time was enjoyed. That Mr Dick and his helpmeet will have long and happy lives is the wish of the neighborhood.

Are you going to spend the day in Lacombe on July 1st, Dominion Day? Perhaps you haven't heard of the great sports to be held there. The Great War Veterans Association is putting up eleven hours of the finest entertainment possible in an effort to raise funds for a memorial hall. There will be a stampede (\$250 in prizes), three baseball games, open air dancing pavilion, Lovelock music and a carnival of nations. Lots of cars served by the wives and mothers of our brave boys. Games for all ages, so bring the family along.

July 29th to July 1st are the Ponoka Chautauque dates.

Rain! and more rain, if you please.

CHRISTENSEN.—On Saturday, June 10th, to Mr and Mrs Hans Christensen, a son.

KIRKPATRICK.—On Friday, June 9th, to Mr and Mrs R. H. Kirkpatrick, a daughter.

How is this for weight? Herb Stretch has a Percheron colt which, at the age of one year to a day, weighed 1160 lbs.

The lawn social and supper, announced by the W. A. of St. Mary's church, which was to be held on Mrs. Beck's lawn, has been postponed indefinitely on account of Mrs. Beck having to go east owing to the death of her brother.

Summer excursions are on the go, and no doubt will be kept up during the summer months. Gulf Lake claimed about a hundred Percherons, while Red Deer Lake had attractions, and likewise golf lent enchantment to several of our weary nerve-racked citizens.

The Junior Red Cross had a fair day on Saturday. A diligent canvass was made by the young folks with the result that \$30.50 were collected. The object of the collection was in aid of the Junior Red Cross Hospital, Calgary, for crippled children of the province. A most deserving institution.

The Herald begs to draw special attention to the fact that Saturday, July 1st, is a national holiday, and that all places of business in town will be closed on that date. The country folks should take note of this, and as the stores will remain open late Friday evening a point should be made of the trading then and not be disappointed.

The Ponoka brass band is looking forward to a very busy season, and are making full preparations, practising almost every evening. It is questionable if Ponoka citizens realize the asset they have in such an accomplished aggregation of musicians. The Herald wishes them the best of luck, and may they have many engagements.

An important meeting of the Ponoka Agricultural Society will be held in the secretary's office, Rev. Charles Lumber Yard, on Saturday, June 24th, at 2:30 p.m. A full attendance of the directors is desired.

The services in the tent, half a mile west of Lundgren school, are being held. Rev. B. J. Russell, of Red Deer, is present and taking an active part. Services every night, and three times on Sunday. Closing service on Sunday night, June 18th. All are heartily invited.

Grand Meadow U.F.W.A. Local will hold a bazaar and sale of home cooking in the Red Block on Saturday, June 24th. Lunch and home-made ice cream served. Part of proceeds in aid of Ponoka Red Room.

Games for all ages, so bring the family along.

June 26th to July 1st are the Ponoka Chautauque dates.

Rain and more rain, if you please.

CHRISTENSEN. — On Saturday, June 10th, to Mr and Mrs Hans Christensen, a son.

KIRKPATRICK. — On Friday, June 9th, to Mr and Mrs R. H. Kirkpatrick, a daughter.

How is this for weight? Herb Struth has a Percheron colt which, at the age of one year to a day, weighed 1160 lbs.

The lawn social and supper, announced by the W. A. of St. Mary's church, which was to be held on Mrs. Beck's lawn, has been postponed indefinitely on account of Mrs. Beck having to go east owing to the death of her brother.

Sandy excursions are on the go, and no doubt will be kept up during the summer months. Gull Lake claimed about a hundred Ponokites, while Red Deer Lake had attractions, and likewise golf lent enchantment to several of our weary nerve-racked citizens.

The Junior Red Cross had a fair day on Saturday. A diligent canvass was made by the young folks with the result that \$33.50 were collected. The object of the collection was in aid of the Junior Red Cross Hospital, Calgary, for crippled children of the province. A most deserving institution.

The Herald begs to draw special attention to the fact that Saturday, July 1st, is a national holiday, and that all places of business in town will be closed on that date. The country folks should take note of this, and as the stores will remain open late Friday evening a point should be made of the trading then and not be disappointed.

The Ponoka brass band is looking forward to a very busy season, and are making full preparations, practicing almost every evening. It is questionable if Ponoka citizens realize the asset they have in such an accomplished aggregation of musicians. The Herald wishes them the best of luck, and may they have many engagements.

An important meeting of the Ponoka Agricultural Society will be held in the secretary's office, Revelstoke Lumber Yard, on Saturday, June 23rd, at 2:30 p.m. A full attendance of the directors is desired.

The services in the tent, half a mile west of Lundgren school, are being held. Rev. B. J. Russell, of Red Deer, is present and taking an active part. Services every night, and three times on Sunday. Closing service on Sunday night, June 18th. All are heartily invited.

Grand Meadow U.F.W.A. Local will hold a bazaar and sale of home cooking in the Red Block on Saturday, June 24th. Lunch and home-made ice cream served. Part of proceeds in aid of Ponoka Red Room.

A Masonic picnic will be held on Thursday, July 6th. Full particulars later.

The cylinder grinder is busy at our local Machine Shop these days, and Herb says that it is very necessary too that it is busy, as he lost quite a few cents backing the geese when he was over the water.

Dreammaking done on reasonable terms. Apply, Herald office.

PIANO TUNING.—Gavin Spence and Robert Moffat will be here about June 20th to cater to patrons. Leave orders at the James Furniture Store.

Money to Loan on Improved Farms.—A. B. BAARDSEED.

Good meals, clean comfortable rooms, and good service can be had at the Alberta Hotel, under new management.

Mrs. JAS. B. BEATTIE, Prop.

Further Plans For Better Co-Ordination Of Employment Machinery

—Closely cooperation between the Dominion and Provincial governments and the better co-ordination of employment machinery at once established by the council of the employment service council, Mr. King expressed the hope that out of the deliberations of the council recommendations would arise from which the Government could take action by way of legislation.

Mr. James Macdonald, Minister of Labour, indicated the various phases of employment work which were being applied to the employment service and suggested that if at all possible all phases of employment work should be centralized in the employment service of Canada.

Mr. H. S. Ireland, Minister of Soldiers' Civil Re-establishment, stated that 32,000 disabled ex-servicemen had been placed in employment in his department during the past three years.

Two committees were appointed—one for the consideration of the

problem of the placement of the handicapped and the other to report on the general employment problem.

The demand of Mr. Macdonald, in reference to the organized labor, declared Mr. Moore, President of the Trades and Labor Congress of Canada, in reference to the letter of C. G. MacNeil, Secretary of the Great War Veterans' Association, to the Prime Minister, urging the appointment of a special committee of Parliament to investigate the unemployment situation.

"We are fully aware," Mr. Moore added, "that the unemployment problem is still with us, and with cessation of seasonal occupations next autumn there seems every reason to believe there will be serious unemployment like coming winter as there was last. The time to deal with this matter is at the present time and not when the full volume of unemployment is upon us, and therefore we coincide with the demand of the G.W.V.A. and submit that Parliament should take action immediately."

CROP EXPERT PREDICTS AMERICA TO THRIVE WHILE EUROPE STARVES

Chicago—"America will thrive while Europe goes for food." This was the prediction of a U. S. 30 show, Government crop expert, in summarizing the grain crop prospects of the world.

In discussing crop conditions in the United States, the crop expert estimated the winter wheat crop at 600,000,000 bushels, which exceeds last year's figure.

The spring wheat crop will total 250,000,000 bushels, or approximately 50,000,000 bushels more than last year. Corn may not be plentiful this year, because of wet weather, but delayed planting, but the crop will not suffer seriously, however. The oats crop will be light because of unfavorable weather. The fruit crop will be the largest in years, he predicted.

Crop reports in Europe are inter-

able, show said. Last year's crops were poor, but according to the indications they will be worse this year. Wheat in France, Northern Africa, Italy and Germany has suffered because of unfavorable weather.

The European countries undoubtedly will have to look to America for

food, Washington, D.C.—The labor department has started recording farm labor in large centers of the country to meet the emergency needs in the wheat belt, it was announced by Secretary Davis.

Employment offices have been opened for the purpose of distributing the labor. The cutting of wheat already has started in Texas and will move steadily northward to the remainder of the summer. Large numbers of men will be needed for the harvesting work. Wages range from \$2 to \$1 per day, with food.

British Columbia Will Fight Rate Case

Prepared to Appeal to Privy Council Says Premier Oliver

Vancouver—"The Provincial government is prepared to take the case to the Privy Council in the event of a refusal of the British Columbia Railway Commission to reduce the rates, an appeal to the Privy Council, according to a statement by Premier John Oliver.

The Provincial Government, Hon. Mr. Oliver declared, is also willing to impose direct taxation on the people of the province for the purpose of procuring such a concession, and to make the present legislation binding for the rates, an appeal to the province and the Government at Ottawa.

The Premier declared the trouble arose in 1910 when consideration was entered into.

Discuss Egg Marketing

Saskatchewan Retailers Hold Annual Convention in Regina

Regina, Sask.—Egg, poultry and livestock, and the methods of marketing them, occupied a large share of attention of the Retail Merchants' Association, which was held by the general convention of the province during their convention here.

A resolution asking for an amendment to the act, limiting the liability for the marketing of sound, fresh eggs from the shoulders of the retailers to those of the producers, which was passed by the general convention, was adopted by the general convention without a dissent.

The reports of the various officials reflected a spirit of optimism with respect to business prospects.

Former Moose Jaw Man Drowned

Kearney, Ont.—Herbert and Ernest Keane, brothers, were drowned at the mouth of Lake Superior while crossing the lake in a small boat. Both men, who were married and had families, were killed before taking up land around Pelican Lake.

Full Authority Given For Large Loan To Be Advanced To Germany

Paris—"The Allied reparations commission, by a three to one vote overruling France's negative veto, gave the bankers' committee full authority to propose an international loan for Germany on any basis the committee thinks desirable. The bankers, however, indicated their decision not to take any action that would be in opposition to the French Government's wishes.

The French attitude toward the bankers' committee was discussed at a conference at which Mr. Millerand and Premier Poincaré were present. It was after this discussion that Mr. Millerand reaffirmed the stand he had previously taken in the reparations commission.

The opinion that appeared to prevail among the bankers was that the view taken by the principal creditor, the French Government, ought to be the controlling factor. The bankers, it was pointed out, have been from the first that there were great difficulties in the way of the formation of a loan, and therefore they have not been at the turn events are taken.

The divided vote of the reparations commission, marks the first important decision taken by that body with the French member, Louis

Poincaré, Premier told the foreign affairs commission that he hoped the negotiations would continue on an international loan to Germany, although he hardly expected any early tangible results. In the meantime, however, the French Government, in cash, which could be important only if it were a loan, must adjust itself to payments in goods.

M. Poincaré said the French Government would always make it an obligation of honor, and that it did not mean any reduction in the reparations due France.

Repeating previous declarations, the change of attitude as to France's determination to act alone if necessary in case of Germany's default, reparations, the Premier said that regardless of whether the need for imposing penalties upon Germany arose or not France had decided and prepared all precautions for various cases of penalties and was ready for the day when the reparations commission might declare Germany in default.

Passing Of Mounted Police Post

Leithbridge—Old Fort MacLeod, established in 1874, just after the formation of the Mounted Police, is practically out of existence as a result of the cutting down process in the force which is now in progress. The men at MacLeod are being moved to the Leithbridge headquarters. The MacLeod post has been used as training grounds for recruits in harmony with the present training at Regina. Altogether after the transfer there will be between 20 and 30 Mounted Police at the Leithbridge Barracks. Inspector Jung is now in charge, succeeding Supt. Penetather.

Harvest Labor Problem

Employment Service Council Discusses Details of Mobilization for this Year

Ottawa—Problems of harvest labor were discussed at the opening session here of the fourth annual meeting of the Employment Service Council of Canada under the Presidency of J. D. McNeill, Deputy Minister of Labor in British Columbia. Discussion of the movement of harvest labor from the east and British Columbia to the prairie provinces. Representatives from the Canadian Pacific Railway, the Canadian National and the Grand Trunk Railroads were present to consider the movement of the harvest labor from the east and British Columbia to the prairie provinces.

The meeting went fully into the details of mobilization of harvest labor and their distribution, both from the employment service and the transportation standpoint. Among the points discussed were the rates of harvest labor, the proper selection of harvest hands and the closer dovetailing of excursions with the ripening of the crops of the various districts.

The meeting was attended by representatives of the various provinces.

Airplane Passengers Make Night Trips

Travel from Paris to London During Hours of Darkness

Paris—"The first aerial round trip flight at night between Paris and London was made by a single airplane carrying ten passengers. The flight was attempted for the purpose of testing the night flying of the passenger traffic by air between Paris and London is feasible.

Strong lights have been installed along the route at Beauvais, Amiens, and Dover for the guidance of pilots and the terminal aerodromes at London and Croydon are illuminated with a brilliant apparatus, which will be in operation at 10 p.m. arriving at Croydon at 1:00 a.m., returning to Le Bourget at 2:30 a.m. and landed at 4:05. The return trip was slower because a fog was encountered en route.

Seized Ammunition Shipped to Ireland

British Tug Cartridges Consigned as Lard From U.S. Vessel

Tralce, Ireland.—It was stated that when the American steamer Seattle Spirit was held up by a British torpedo boat destroyer four miles off the Penikese County Kerry Pier, a search of the vessel revealed 25 barrels supposed to contain land. The barrels were consigned to the order of the Manhattan Land Company at Cork. It is declared that when they were seized, the barrels were found to contain 10,000 rounds of rifle and machine gun ammunition.

The torpedo boat destroyer, which has been waiting three days outside the bay, took the barrels aboard. The Seattle Spirit sailed from New York

Large Freighter at Montreal

Montreal—"The largest freighter to enter Montreal harbor is now docked here. She is the steamer Irishman, recently diverted from the New York line to Montreal to assist in the ever increasing cattle export trade. She will take out one thousand head, the largest consignment ever conveyed down the St. Lawrence on a single ship.

Persecutions in Albania

London—"The Greek Government, says an Athens despatch to the Exchange Telegraph, quoting the Politika, has protested to the League of Nations and the Council of Ambassadors against the persecution of Greeks in Albania, declaring that if this persecution continues the Greeks will be forced to take military measures.

Review Fish Export Rates

Montreal—"Export rates on fish shipped from Lesser Slave Lake points and other parts of Alberta, will be under review by the Fisheries Commission at a sitting to be held in Edmonton early in July or possibly in Ottawa toward the end of this month.

Delay Oriental Congress

Constantinople—"The Oriental Congress of Eastern Nations has been postponed at the request of the Russian Bolshevik Foreign Minister, M. Litvinov. The congress was to have been held in Moscow this month.

WESTERN EDITORS

Bolshevik Vandals

People in Russia Are Indignant Over Desecration

Paris—"The Russian Bolshevik vandals, who have been busy in the work of ferreting out church treasures for confiscation, have violated the tombs of the Czar's and Czarina's at St. Peter's and Paul's Cathedral in Petrograd, says Le Journal, quoting private advice from a reliable source. The tomb of the Czarina, Anna Yvanna, which was made of silver, was removed bodily, and the coffin of Czar Nicholas II, but finding the work marvellously preserved, were smashed and dared not strip it of its jewels. The Russian people are extremely indignant at the desecration.

CARD OF THANKS

We wish to take this means of thanking our friends who were so kind and helpful during the recent illness and death of our little son and brother, Neil Eugene. Mr. and Mrs. GERTIE & FAMILY.

CARD OF THANKS

We desire to thank our friends and neighbors for the help and kindness shown us during our sickness.

Mr. and Mrs. G. E. LANCE.

CARD OF THANKS

As we cannot meet you personally, we, the undersigned, beg our many friends and neighbors to accept these few words of thanks for the kindness extended to us during the sickness and death of our husband and father.

Mrs. J. W. WOODS & FAMILY.

CARD OF THANKS

On behalf of the family, we take this means to express our gratitude for the kind assistance of the neighbors and friends during the illness of our father, also for the floral tributes.

Mrs. W. W. BUSH
W. B. PATTERSON

BIRD WARD

A pretty June wedding was solemnized at the First Baptist church, Edmonton, on Wednesday evening, June 7th, when Miss Doris Ward, daughter of Mr. and Mrs. S. Ward, of Edmonton, was united in marriage to Mr. Sidney Bird, of Ponoka. The ceremony was performed by Rev. G. A. Clarke before a bank of spring flowers and foliage.

To the strains of the "Bridal Chorus," from Lohengrin, played by Mr. Warden, the bride and groom entered the church. The bride was accompanied by her father, who gave her in marriage, and also by her sister, Miss Elsie Ward, who acted as bridesmaid. Mr. Dan Bush, of Ponoka, attended the bridegroom.

The bride was becomingly attired in a travelling suit of dark brown broadcloth, with georgette crepe blouse of the same shade, trimmed with Spanish lace. Her hat was a becoming model of tan silk straw, draped with brown lace, and she carried a shower bouquet of Ophelia roses and fern.

The bride and groom wore a dainty dress of monogram cotton crepe, with hat to match, and carried bouquets. Mrs. Ward, mother of the bride, was becomingly gowned in purple satin, with hat of silver cloth, accented in pink roses, and also wore a carriage bouquet of sweet peas.

Following the ceremony "O Perfect Love" was sung by the choir, and Mr. W. J. DeWilde sang "Bridal Dawn."

Later in the evening the bride and groom and their friends repaired to the Board of Trade rooms, where a buffet supper was served, and followed by an informal dance until midnight, when the happy couple left for the coast cities, and after a honeymoon there will make their home in Ponoka.

ESTRAYS

Impounded at Hoboken on June 1st. One grey mare and colt at side branded WS on left hip; one grey gelding, branded dash with three dots on top half of back on left shoulder; on left hip black mare, no brand; bay mare, colt at side, white hind feet.

G. W. KIRBY, Hoboken.

EATON'S ESTATE 13 MILLION

Toronto, June 9.—The will of Sir John Eaton, late president of the T. Eaton company, limited, disposed of an estate of \$13,098,022, including interest in the T. Eaton company of \$4,842,815; 130 shares of Dominion Bank, \$30,342; 250 shares of C.P.R., \$95,000; shares in T. Eaton Life Assurance company, \$60,000; shares in T. Eaton Drug company, \$6,000 in other holdings, including charitable contributions and institutions, making a total in all stocks of \$1,973,837. Bonds include Dominion, \$284,077; province of Ontario bonds and stocks, \$1,074,201; miscellaneous, \$33,180; a total of \$1,549,564. Bank notes and promissory notes are \$52,101. Real estate mortgages, \$52,080; miscellaneous assets, \$130,875; real estate, \$1,329,157 (including the Toronto residence, "Arlwood," \$300,000). The executor is Lady Eaton, R. V. Eaton, Harry McGee, J. J. Vaughan and C. N. Mills. Mrs. Timothy Eaton is provided for as at present. Sir John's estate is to receive payments not to exceed \$21,000 a year, and the brother, Major Eaton, not to exceed \$15,000. Bequests to members and ex-members of "Arlwood" staff amount to \$60,000. The province of Ontario will be about \$500,000 richer by Sir John's death, this sum being the amount of succession taxes against the estate.

Climax

Miss Lila Bullock, of Wood River, spent the week-end with Viola Owens. Mrs. Lawton arrived from Wales.

FOUNDERS IN CANADA

ON Place d'Armes in the City of Montreal stands a monument to Sieur de Maisonneuve who, landing near this spot in the year 1642, founded the settlement which is now the City of Montreal.

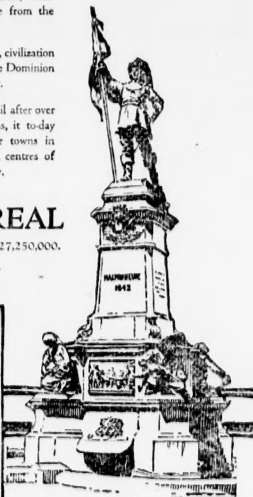

Facing Place d'Armes stands the Bank of Montreal, which opened its doors for business a short distance from the same spot over one hundred years ago.

From the Settlement founded by Maisonneuve, civilization has spread to the east and west until today the Dominion of Canada extends from Halifax to Vancouver.

Likewise the Bank of Montreal has grown, until after over a century of steady and conservative progress, it today has branches in all of the cities and larger towns in Canada, with offices in the principal financial centres of the world, and correspondents in every country.

BANK of MONTREAL

Capital Paid Up \$27,250,000. Reserve \$27,250,000. Total Assets \$653,869,071.21.

THE SAFEGUARDS YOU REQUIRE

Home Investments, backed by undoubted security, are the best investments.

Many, in their desire to attain wealth, quickly lose what they save in questionable ventures.

PROVINCE OF ALBERTA DEMAND SAVINGS CERTIFICATES

are the safest form of investment that can be desired

Dating from July 1st, 1922, they bear interest at the rate of four and one-half per cent. (4½%) per annum, and may be cashed any time at the office of the Provincial Treasurer.

These Certificates may be purchased in denominations of \$5, \$10, \$25, \$50, \$100, \$500, \$1,000 and \$15,000.

PROVINCE OF ALBERTA
4½% Savings Certificates
are payable on Demand

For further particulars, write or apply to

HON. H. GREENFIELD,
Provincial Treasurer,
Parliament Buildings, EDMONTON, ALBERTA.

W. V. NEWSON,
Deputy Provincial Treasurer,
Edmonton, Alberta.

FOOTBALL

HOSPITAL TEAM BEATS INNISFAIR

The Hospital Football Club played their first game of the Central Alberta League schedule on the 7th inst., their opponents being the Innisfair eleven. Winning 11 to 5, the Hospital team played a very fine game.

The hard freeze on Tuesday of last week was a great set back to gardeners, potatoes and cabs, but everything in that line is looking green again.

Road work has begun in the district and much improvement is the result. Joe O. Owens is having a deep well sunk on his farm in western Clinnox. Stephenson & Few are the contractors.

The Eastside basketball team journeyed to Clinnox Saturday evening and crossed bat with the Clinnox school team. The latter, though much smaller as to size put up a good fight, but suffered defeat in the fifth inning with a score of 6 to 11, the game not being finished on account of darkness. Our boys think that they could have beaten had daylight lasted longer. Let's have them try again.
